

On Ozone Action Days:

Do you and your employer
want to help the air
and get to work on Air
Quality Action Days?

NJ Transit is offering \$3
round trip

Ozone Pass Tickets

for Air Quality Action Days.

They are special discount
tickets purchased by busi-
nesses for employees, to
encourage the use of public
transportation on high
ozone days.

- ◇ Instead of driving, carpool, take public transportation, tele-commute, walk or bike.
- ◇ If you must drive, avoid excessive idling or jack-rabbit starts, and try to consolidate errands.
- ◇ Take your lunch. Or walk to a nearby restaurant - this reduces the number of vehicles on the road during the day-light hours.
- ◇ Don't refuel your car, or only do so after 7 pm.
- ◇ Avoid using outboard motors, off-road vehicles, or other gasoline powered recreational vehicles.
- ◇ Wait to mow your lawn until late evening or the next day and avoid using gas powered garden equipment.
- ◇ Conserve energy to reduce energy needs.
Set your air conditioner to a higher temperature.
