Winter Driving Safety

If possible, try to avoid driving in bad weather conditions. Don't go out until the snow plows and sanding trucks have had a chance to do their work, and allow yourself extra time to reach your destination. If you must drive in snowy conditions, make sure your car is prepared, and that you know how to handle road conditions.

Before planning your holiday trip, follow these tips to make sure you are prepared:

- Get your car serviced before you travel
- Check for recalls on your vehicle at <https://vinrcl.safercar.gov/vin/>
- Check your tires and your battery
- Make sure your lights are in working order
- Check your windshield wipers
- Put together an emergency kit
- Keep your gas tank close to full
- Avoid risky driving behaviors
