The Way To Go.

NJ TRANSIT Bus and Train IN OCEAN COUNTY

There are several options for getting around in Ocean County. This section will cover available NJ TRANSIT bus and train routes, fares, and timetables. It also includes maps of service routes, destinations, and transit centers.

NJ TRANSIT operates New Jersey's public transportation system. Its mission is to provide safe, reliable, convenient and cost-effective mass transit service. NJ TRANSIT has a number of bus lines that serve Ocean County. To get going, you should check online for bus options in your community. Once you find the bus line that will get you where you need to go, download the route schedule online by visiting www.njtransit.com/services/how-to-ride or reach out to their [customer service](#) at **973-275-5555**.

Bus Service in Ocean County

You will need a timetable for the bus route that you want to ride. Timetables can be obtained online at [NJ TRANSIT](#) or at most major bus and rail terminals. You can also check bus schedules by calling **973-275-5555** or referring to [MyBus](#) for real-time bus arrivals at bus stops.

[Greater Mercer TMA](#), your local transportation management association, can also provide timetables if you call them at **609-452-1491**.

How to Read the Timetable

Choose your **direction of travel** and choose the weekday (Monday–Friday) or weekend (Saturday, Sunday and holidays) section of the schedule.

First, find the location that you want to start from on the timetable. Not all bus stops are listed on the timetable. The time points listed represent major stops on the bus route. The bus will also stop at locations along the route that are between the time points as long as it is safe to pull over. **If your stop is between two time points, use the earlier time as your guide.**

Next, select the time that you want to start your trip and read across the timetable to your destination to see the arrival time. If there is a letter listed to the left of the times listed for the trip that you plan to take, look for the explanation under or near the schedule block.

NJ TRANSIT fares operate on a zone system. **Your fare is based on the number of zones that you travel through.** Check the map on the schedule to see how many zones you travel through. You also can check fares by going to [Bus Point-to-Point Planner](#) and entering your travel information.

Some buses require **exact change** to pay the fare. In these cases drivers cannot make change. One dollar bills and coins are accepted. Cash and coins are inserted into a fare box. See the next page to know more about where to buy bus passes and how to make purchases in the NJ TRANSIT MyTix app.

Your Bus Trip

Here are four easy steps for riding a bus:

1

Wait for your bus at a designated bus stop where you see a bus stop sign or at a location where you have been told by a NJ TRANSIT representative to wait. Check the bus stop sign to make sure that your bus stops there.

2

Arrive at your stop at least 5 mins. earlier than the scheduled bus departure time.

Stand near the curb, but **not** on the curb! As the bus approaches, raise your arm to alert the driver that you want to board the bus.

3

Tell the driver where you are going and pay the fare.

Check the destination sign on the bus before boarding. Some buses have multiple destinations. If you are unsure, the driver will be glad to assist you.

4

To get off the bus, push or pull the bell strip.

On most of the buses used in Ocean County, NJT buses have a signal button above the seats between the two reading lights to press for the next stop.. When the driver stops the bus, stand up and move to the exit.

When the bus arrives at the stop, board carefully and **use the handrails** if needed to assist you as you step on the bus.

All NJ TRANSIT buses can kneel

(lowering the distance to the first step) making it easier to board the bus. If you need the bus to kneel to climb aboard, do not hesitate to ask the driver for this service. All NJ Transit routes are also operated with **lift-equipped buses**.

How to Read the Timetable

Once you know which two rail stations you will be traveling between, using train timetables is a snap. **First, identify the section for the direction** in which you would like to travel (AM or PM, weekday or weekend.)

Next, **find your desired station** by reading down on the list and follow the line to the right until you get to your desired departure time. It's that easy! To find out when you will arrive, start at the departure time you just found and **follow the column down** until you reach the time across from your arrival location.

If you are unsure of which stations you need, the **NJ TRANSIT website** can assist you by allowing you to use a landmark or street to find the appropriate station. You may also call **973-275- 5555**.
